

If you have been missing the opportunity to meet up and chat with like-minded professionals from the creative, digital and tech sector then why not book a one-to-one catch-up with one of the ProCreative Board members?

With no formal agenda or theme, other than the chance to simply grab a coffee and chat about your business with a peer from the sector, the sessions will aim to help us all take the first steps back to meeting up in a safe, relaxed and informal way.

The ProCreative Board has representatives from all aspects of the sector, so take a look at their biogs below and book in a time/date with the person you'd like to chat to.

Paul Furlong

Paul is the chair of the ProCreative group and the Creative Director of Opus Media, where he and his team connect people to brands through Optimised Online Video, Targeted TV Advertising or Corporate Photography.
